

10 Dividend Paying Metals Stocks

<http://www.metalschannel.com/>

Metals Channel paired our coverage universe of metals stocks, with Dividend Channel's proprietary DividendRank formula, to bring you this list of 10 top ranked dividend paying metals stocks. The DividendRank formula considers a variety of data – dividend history & yield, book value, quarterly earnings – and compares it to the stock's trading data to come up with certain calculations about profitability and about the stock's valuation (whether we think it looks "cheap" or "expensive"). The result is this list of the top most "interesting" ideas that merit further research.

NC — 2.2% YIELD

NACCO Industries Inc

NACCO Industries, through a portfolio of mining and natural resources businesses, operates under three business segments: Coal Mining, North American Mining (NAMining) and Minerals Management. The Coal Mining segment operates surface coal mines under long-term contracts with power generation companies and an activated carbon producer pursuant to a service-based business model. The NAMining segment provides contract mining and other services for producers of aggregates, lithium and other minerals. The Minerals Management segment acquires and promotes the development of oil, gas and coal mineral interests. In addition, Co. provides stream and wetland mitigation solutions.

WOR — 2.1% YIELD

Worthington Industries, Inc.

Worthington Industries is an industrial manufacturing company, focused on steel processing and manufactured metal products. Co. has two segments: Steel Processing, which buys coils of steel from integrated steel mills and mini-mills and processes them to the precise type, thickness, length, width, shape and surface quality required by customer specifications, and toll processes steel for steel mills, end-users, service centers and other processors; and Pressure Cylinders, which manufactures and sells filled and unfilled pressure cylinders, tanks, hand torches, tools, well water and expansion tanks, along with various accessories and related products for various end-use market applications.
